Benefits

Flexible and convenient classes

Classes are entirely online and ideal for working adults who need the flexibility with their busy schedules. You will save both time and money by not having to commute to class.

Success coaching

Students are provided with individualized support throughout your entire time with us. Our coaches will help you focus on both academic and career objectives so that you will be successful in both school, work and life.

Academic Excellence

Classes are taught by established subject matter experts and industry leaders to ensure you have the highest-quality learning experience, and are fully aware of the multiple demands you have as a working adult. Small class sizes ensure individual attention for your experience with access to extensive tutoring support, library, and research databases.

Affordable

You can take classes anytime, anywhere. Online classes make it possible for you to create your own schedule. You don't have to spend gas money commuting to and from campus, and you also have the freedom to hold a job while you pursue your degree.

Degree Programs

We offer ten concentrations that transfer seamlessly to complete your bachelor's:

- Business
- Sports Management
- Accounting
- Computer & IT
- Healthcare Admin
- General Studies
- Criminal Justice
- Corrections
- Homeland Security
- Law Enforcement
